Programa del Fondo de Transición Justa de España 2021-2027

The European Commission approved the Programa de Transición Justa de España that sets out the types of eligible actions for the implementation of the €868 million in support from the European Fondo de Transición Justa (FTJ) allocated to the country, which will be directed to eligible territories in six autonomous communities affected by the closure of coal mines and coal-fired power plants. The aid, to be distributed until 2027, will support more than 1,900 companies promoting the creation of around 6,000 full-time jobs.
